

Tapetex is the undisputed world leader in luxury natural textile wall coverings! Whether it be silk, linen or blends of different yarns, Tapetex has the most comprehensive selection to select from for any any décor commercial or residential and for budget applications.

Based in the Netherlands, Tapetex is a company who has been environmentally responsible since its inception. It uses only water-based dyes and adhesives in its products. In addition, it utilizes re-cycled water and green power in its production facilities All Tapetex products are available from stock on a Quick Ship basis!

It is the policy of TAPETEX to keep its effect on the environment to a minimum. The factory, in Helmond Holland, built in 1985 was designed to anticipate environmental developments, and since 1985, TAPETEX produces totally with water-based dyes, colourants and laminating compounds. TAPETEX complies with all prevailing environmental legislation in Holland, which is one of the most stringent in the world.

TAPETEX utilizes state-of-the-art equipment and machinery which meet the latest mechanical, electrical and environmental technology thus keeping the use of raw materials, auxiliaries, energy, water, and levels of odour, noise and emission at very efficient standards.

TAPETEX is actively COMMITTED in an ongoing process to reduce any impact of its operations on the environment. In this regard, procedures have been developed to:

- Minimize spillage.
- Optimize the use of raw materials, auxiliaries, water and energy.
- Re-use and recycle materials employed.
- Re-formulate products.
- Modify equipment and machinery.
- Minimize waste and dispose of it in the most responsible manner.
